

THE COACHES

The coaching staff brings a broad range of skill, experience, and enthusiasm to the table. The diversity and knowledge of our staff allows us to raise the abilities of any skier or snowboarder to the next level. Our coaches are certified by the Canadian Ski Instructors' Alliance (CSIA), the Canadian Association of Snowboard Instructors (CASI), the Canadian Freestyle Ski Association (CFSA), and Alpine Canada.

SEASONAL PROGRAMS FOR 2022/2023

will start the weekend of January 7/8th and will run until March 18/19th. No classes will be held on March 4 & 5 during March Break.

THE MOUNTAIN

Our backyard boasts the largest vertical in New Brunswick and is home to some of the best terrain in Atlantic Canada. With such amazing terrain young skiers and snowboarders develop their skill organically with exposure to steeps, bumps, courses, and natural terrain features in the glades! Skiers and snowboarders learn, with the guidance of coaches, technique and versatile skill to shred the whole mountain.

THE PARK

Teaching the fundamentals of progressive freestyle skiing and snowboarding is easy when you have one of the best terrain parks in Atlantic Canada. Students will safely learn on a step-by-step basis the tricks and maneuvers best suited for their style and abilities on boxes, rails, and jumps. The semi-structured environment fashions a safe learning experience without restricting essential creativity and elements of the terrain park.
